System + Bag + Graphic

- ✓ innovative design
- ✓ easy to assemble  
requires no tools
- ✓ extremely stable
- ✓ only 4.5kg
- ✓ graphic panels  
interchangeable

## TIPS:

Where accurate colour matching is essential, you must supply Pantone or printed references. We will match these as closely as possible.

Illustrator templates are available upon request via email.

Avoid putting text beyond the guides.

## FILE SETUP:

High-Resolution files should be supplied at 200dpi (actual size). If in any doubt over file sizes then always provide larger than the minimum as these can be sized down if required.

Illustrator files are preferred. Photoshop, In Design, Freehand and QuarkXpress are also popular.

Please provide a hard copy printed colour proof with your files for our reference.

All artwork can be at any scale, but must be in proportion.

Artwork should be supplied in Mac format.
